

EASTERN CONTRACTING GROUP LLC

CAPABILITY STATEMENT | Federal • State • Local • Commercial

COMPANY OVERVIEW

Eastern Contracting Group LLC is a North Carolina-based contracting and procurement business focused on responsive solutions for government and commercial customers. Our flexible model supports product sourcing, supplier coordination, logistics, project support, and collaboration with appropriately qualified partners and subcontractors. We pursue opportunities across multiple industries without limiting our work to a single service line.

CORE CAPABILITIES

- Business Consulting — Business and project coordination support.
- Construction & Civil Operations — Construction-related sourcing, project coordination, site preparation and excavation through appropriately licensed partners where required.
- Facilities & Landscaping — Facility upkeep, grounds maintenance, landscaping and operational support.
- Procurement & Warehousing — Product sourcing, supplier coordination, materials procurement and warehousing support.
- Logistics & Technical Staffing — Transportation coordination, material movement and staffing support through qualified resources.
- Vending Solutions — Vending product supply and service coordination.
- Emergency Response — Time-sensitive procurement, logistics and response-support coordination.

OUR APPROACH

Broad sourcing reach • Responsive communication • Flexible supplier and subcontractor coordination • Solutions tailored to solicitation requirements. ECG is a newly established business; company past performance and licenses are not represented where not yet established.
